

As one of the largest dental networks in the United States, SDC offers an extensive selection of participating dental care providers locally and across the country. Maximize your benefits and save more on your dental care by staying in network.

Find a Participating Dentist or Specialist

Our convenient network search tool makes it easy to find dental providers near you who participate in SDC's network. Get started at **SuperiorDental.com/find-a-dentist** or on the **SDC Mobile app**.

- ▶ Already have a dentist or specialist? Simply search by their last name to see if they are in-network.
- ▶ Need to find a new dentist or specialist near you? Search by a specific address, city, zip code or county.
- ▶ Looking for an orthodontist, a pediatric dentist or other specialist? Select a specialty to narrow your search.
- ▶ As part of SDC's value-added benefits, your dental plan comes with our **SmileRider** program. Dentists and specialists who participate in this program provide a **15% discount** on cosmetic dental services and other elective procedures not covered by your dental plan. To find a network provider who participates in this program, select the SmileRider option to narrow your search.

Dentist Referral Form

If your dentist or specialist does not currently participate in SDC's network, complete the **dentist referral form** from the **Find-A-Dentist** page on our website. We'll conduct network recruiting on your behalf to invite your dentist to join our network. You may also encourage your dentist to participate with SDC. Our ongoing network recruiting ensures that you always have a wide variety of in-network dentists and specialists to choose from.

Nationwide Network Access

With more than half a million access points across the United States, you can find a participating dentist or specialist no matter where you live, work or travel. If a dental office is not familiar with the Superior Dental Care (SDC) network, confirm participation by referencing "**Careington Maximum Care**", the name of SDC's national dental network. The Maximum Care logo can be found on the back of your ID card in the claims submission section. If you or your dental office has any questions, please contact us at **1-800-801-4915**.
